

Enduvo works to empower everyone to create and share meaningful experiences that enrich people's lives. Our powerfully simple, immersive content platform gives people a much better way to communicate, collaborate and share knowledge. Enduvo lets anyone rapidly create, distribute, and consume rich, interactive, virtual experiences.

This guide provides tips on how to sign up and download Enduvo's desktop application so you can create learning experiences that enrich people's lives.

STEP 1	HELPFUL HINTS

STEP 5

On initial login a popup box to download the desktop application will display. Click **Download now** to install Enduvo.

STEP 6

Install the **Enduvo Desktop App** on your computer, and then log in using your username and the new password you created.

If you forgot your password, go to click the Forgot Password link to reset your password.

HELPFUL HINTS

If you forgot your password, click the **Forgot Password** link to reset your password.

If you close the window go to account profile on **my.enduvo.com** and click the **Download App** link from the dropdown menu.

Make sure Steam and your VR device software are also downloaded and configured properly on your computer.

Add a shortcut on your desktop to the application.
